Notification of acceptance

May 31, 2022

Full tutorial materials due

General Chair

Robert Saethre

Oak Ridge National Laboratory, USA

Short Course Chair

Xiu Yao

University at Buffalo, USA

IEEE IPMHVC 2022 will offer up to 3 short courses. Each short course is 4 hours long (including a coffee break). All short courses are held on the morning of Thursday, June 23, 2022.

Short courses with industry lead or co-host instructor are strongly encouraged. Interactive instructor-audience approaches, including hands-on experiences, are encouraged. Since IPMHVC 2022 is co-located with EIC, short courses targeting EIC attendees are also welcomed.

Short course attendees have the option to request IEEE Continuing Professional Education Certificate.

Short course proposal format: 5 pages maximum, with letter size or A4, single space, font size between 10 to 12. Proposal submission should be made to ipmhvcshortcourses@gmail.com

Suggested sections of short course proposal include: 1) Course Title; 2) Instructor name, affiliation, and contact information; 3) Abstract and course outline; 4) Instructor Biography.
